

Dr. Felipe H. Galvan, Jr., D.D.S.

Dr. Felipe Galvan graduated from Centro Escolar University (CEU) in Manila, Philippines in 1992. CEU is the bastion of dentistry in the Philippines. Dr. Philip, has been providing excellent dental care to his members of his community for over 19 years. Being a third generation dentist, his immersion in the field of dentistry is solid. To further enhance his skills after being board certified in the US in 2000, Dr. Philip trained and continued further education at the Loma Linda University and UCLA. With the desire to deliver quality dental care, Dr. Philip constantly enriches his dental expertise through regular continuing medical education and peer exchanges. He is a relentless learner.

Patient education, top quality service and stringent infection control procedures are the cornerstones of his practice. He believes that prevention through information and improved hygiene instruction are the best tools to achieve ideal dental health. Aside from presenting a priority treatment recommendation, he will go out of his way to explain your options to make that informed decision.

When not at work, Dr. Philip enjoys spending time with his wife and 2 kids. He also loves to travel and learn about other cultures. Cycling is his other passion. You just might see him on the bike trail around the corner!
